E-mail: amschwartz@nd.gov

CORRECTION to NEWS RELEASE:

Change in Vaccines Required for Seventh Grade Students Next Fall

Bismarck, N.D. – A sentence in the news release entitled “Change in Vaccines Required for Seventh Grade Students Next Fall” was misleading, making it appear that the Tdap vaccine protected against meningitis. The Tdap vaccine protects against tetanus, diphtheria and pertussis. The meningitis vaccine is a separate vaccine. Both are required for seventh graders.

We apologize for any inconvenience.

For more information, contact Amy Schwartz, North Dakota Department of Health, 701.328.2335.
